

WARRANTY CLAIM PROCEDURES

All Barreto manufactured parts and hydraulic components are covered under the Barreto Warranty. A copy of the **Barreto Manufacturing Inc. Equipment Warranty** is provided in the manual for each machine.

If you think you have a situation with a Barreto product that may be covered under warranty please follow the procedures below:

Before calling Barreto Manufacturing, be sure to have the following information available for your machine:

- Model Number
- Operation Hours on Machine
- Serial Number
- Purchase Date

1. Call 1-800-525-7348 and ask for help with a warranty issue.
2. Describe the symptoms of the breakdown, failure, or malfunction.
NOTE: You must call Honda, Briggs & Stratton, Kohler, or Kubota for any engine related issues.
3. A Barreto representative will initiate the warranty claim process if the problem qualifies. The representative will assist in determining what parts are needed to make the repairs. Parts will be sent out and billed to the customer and a call tag will be provided to return the defective parts unless otherwise instructed by the Barreto representative.
4. The Barreto customer will perform the repair, file a warranty claim form for the parts and labor, and return the defective parts once the repair is complete.
5. If the circumstances of a breakdown require obtaining parts from a source other than Barreto, please call and advise us of the situation and then provide receipts and an explanation on your claim form.
 - a. Parts being claimed for warranty are required to be returned for inspection unless otherwise determined by a Barreto representative**Note: Requests for reimbursement for shipping charges will be for ground service rates only if approved. Claims for expedited shipping charges will be adjusted to ground service rates.**
6. Once the claim has been finalized and the returned parts have been received and inspected, a credit will be issued. Refund checks can be processed upon request.

Exclusions not covered under warranty:

- Travel time or mileage for pickup and delivery
- Lost income for down time
- Engine related problems
- Batteries
- Breakdowns caused by neglect, poor maintenance, or other abuse
- Wear parts such as bearings, tiller tines, sprockets, trencher teeth and chains, booms, rollers, grinder teeth, chipper belts, clutches, tracks, tires, etc. unless it is determined a defect has contributed to premature wear.

Disclaimers:

Barreto reserves the right to determine reasonable time for repairs to be made. Labor is reimbursed at \$75.00 per hour. Barreto also reserves the right to inspect any part or component to determine if abuse may have contributed to the failure.
